PROFESSIONAL SUMMARY

Civil servant in Bangladesh's 31st BCS Agriculture Cadre with 9 years of field extension across 6 postings — haor wetlands, hill tracts and today's district leadership in Kurigram. Transforming Bangladesh's agricultural extension from paper-based to AI-powered — bringing science, data, and connectivity directly into the hands of smallholder farmers. Alongside the day job I build and ship public digital tools: 52 works published to date, serving farmers and field officers without login, API key or cost.

WORK EXPERIENCE

Additional Deputy Director (Horticulture)

DAE, Kurigram | 2024 – Present

- District strategic leadership for horticulture extension — digital transformation of extension services, AI app deployment, farmer outreach in the northern river delta.

Upazila Agriculture Officer

Rangpur Sadar & Kaunia, Rangpur | 2022 – 2024

- Digital farmer services and crop advisory across the fertile Rangpur plains.

Upazila Agriculture Officer

Rangamati Sadar & Naniarchar, Rangamati | 2021 – 2022

- Hill tracts agriculture extension in the CHT — indigenous farming systems and upland crop management.

Instructor, Agriculture Training Institute (ATI)

Bangladesh | 2021

- Technical knowledge transfer to field extension officers; curriculum for modern crop management.

Upazila Agriculture Officer

Dirai & Shalla, Sunamganj | 2018 – 2021

- Haor wetland crop management — flood-resilient, disaster-adaptive farming for the seasonally inundated haor ecosystem.

Agricultural Extension Officer

Natore Sadar, Natore | 2017 – 2018

- Commencement of civil service. Field-level extension work for smallholder farmers.

EDUCATION

MBA, Marketing
